GOVERNING BOARD REPRESENTATIVE (F.S. 1002.33(7)(d)1.)

- Each charter school's governing board must appoint a representative to facilitate parental involvement, provide access to information, assist parents and others with questions and concerns, and resolve disputes.
- This representative must reside in the District in which the charter school is located.
- The individual serving as the parental involvement representative must reside in the District and may be a governing board member, charter school employee, or an individual with whom the charter school contracts to represent the board in this capacity.
- If the governing board oversees more than one charter school in the District, a representative to facilitate parental involvement shall be appointed for each school.

The name and contact information for the representative must be provided in writing to parents of children enrolled in the charter school at least annually and must also be prominently posted on the charter school's website and notify the District.
